

2019 Food Fight!

This year's food drive has begun!
Teams will compete against each other in a "food fight" to be declared the winners.

The Food Fight will run from March 4 – April 1. Donations can be delivered to room 224 during advisory on these days.

Each student is encouraged to donate at least 5 items. If they do, we can donate over 2,400 items to local food banks in Hebron, Andover and Marlborough (over 800 items to each)!

Students can donate these items to their team and earn positive points, or they can donate the items against other teams to take that team's points away.

We are encouraging students to be productive members of our local RHAM Community, but the best and most important lessons begin at home. Please encourage your child to consider those in the community that are experiencing food insecurity and the variety of people that are affected by hunger every day.
